DIRECTORY OF DOC STAFF MEMBERSHIPS

ON OUTSIDE STANDARDS COMMITTEES

Office of Standards Code and Information  
Office of the Associate Director for Industry and Standards  
National Bureau of Standards  
U.S. Department of Commerce  
Gaithersburg, MD 20899

January 1988

U.S. DEPARTMENT OF COMMERCE, C. William Verity, Secretary  
NATIONAL BUREAU OF STANDARDS, Ernest Ambler, Director

## CONTENTS

Introduction.....	1
Index of DOC Staff Committee Participants.....	3
Index of Committee Sponsors.....	57
Index of DOC Standards Activities by Departmental Agency.... (excluding NBS)	101
Acronyms and Abbreviations.....	119
Department of Commerce Organizational Chart.....	127

## INTRODUCTION

In its Department Administrative Order (DAO) 216-14 "Department of Commerce Participation in the Development and Use of Voluntary Standards,"<sup>1</sup> the Department of Commerce encourages and supports participation of its staff in standards committee activities relating to the mission of the Department. Staff participate in standards development activities of U.S. private sector standardization bodies; local, State, and Federal governments; industry; and international private and treaty organizations to develop needed standards in such areas of national concern as energy conservation, public health and safety, and productivity enhancement.

Through a computerized data system, the Standards Assistance and Management Information (SAMI) project in the Office of the Associate Director for Industry and Standards, National Bureau of Standards, collects and disseminates information on all DOC staff participation in outside standards-writing activities. The information is obtained through the Departmental Committee on Standards Policy.<sup>2</sup> Agency representatives provide SAMI staff with copies of NBS Form 83, Record of Committee Assignment (for NBS employees) or 83a, Record of Standards Committee Assignment (for other departmental employees), to record their committee activities.

This directory, published annually, contains information in three categories: Index of DOC Staff Committee Participants; Index of Committee Sponsors; and Index of Standards Activities by Departmental Agency, using a broad definition of "standards activities." Participant and organization names are listed alphabetically within each index. A list of acronyms and abbreviations and an organizational chart of the Department follow the indices.

In 1987, 488 Department of Commerce (DOC) staff participated in outside standards committees of 237 (166 domestic, 71 international) standards-developing organizations. There were 1440 memberships on 1129 committees.

The information contained in this directory is current as of December 31, 1987. For up-to-date information or to submit questions or comments regarding committee participation, contact the SAMI office, Room A629, Administration Building, National Bureau of Standards, Gaithersburg, MD 20899; (301) 975-4035.

The SAMI office solicits additional information concerning participation in standards activities by Department employees not already included in this directory. Copies of NBS Forms 83 or 83a are available from the NBS SAMI office.

---

<sup>1</sup> DAO 216-14 was published to implement OMB Circular A-119 "Federal Participation in the Development and Use of Voluntary Standards."

<sup>2</sup> The Departmental Committee on Standards Policy, established in DAO 216-14, consists of representatives from agencies within the Department. It advises the Secretary and the Associate Director for Industry and Standards on the implementation of OMB Circular A-119 (see footnote 1).

INDEX OF DOC STAFF COMMITTEE PARTICIPANTS
